Hockey Achieves "Goals"

Montini Catholic recently congratulated senior Aidan O'Connor for being named Illinois High School Hockey League's Top Varsity Goalie for the 2019-20 season. Aidan is a member of the Renegades High School Hockey Team - a combined school team fielding players from Addison Trail, Fenton, Montini Catholic and Willowbrook High Schools.

The team played in the Illinois Suburban High School Hockey League and took home the coveted Cougar Cup Championship for the second season in a row. Earlier in the season O'Connor, who is also an All Conference athlete, was named 'Goaltender of the Month' (October). "My favorite part of hockey is the competition and the intensity of every game and practice," said Aidan, after securing the Goaltender of the Month honors. "There is never a moment in the game where everyone in the rink is not entirely enthralled by what is happening on the ice!"

Junior Patrick O'Connor (St. Mary of Gostyn) competes courses during e-learning.

Students Adapt to eLearning

Students began their e-learning curriculum and classes on Tuesday, March 17th utilizing online tools such as google meet, google hangouts, Zoom, Schoology and other digital platforms. All student must sign in for attendance at 8:00am every day. Students are going through their normal schedule with assignments, activities and even tests and quizzes being administered online.

Montini has been a digital, one to one school for six years and was the first high school in the Diocese of Joliet to introduce this program to the students. "I feel we have been preparing for this for six years." Mr. Beirne told the faculty and staff during a conference call. "While the coming weeks are certain to be challenging, I've no doubt that our physical separation will actually draw us closer together as a community." Mr. Beirne stated to parents in a recent letter.
