

## Delinquent Tuition Account Policy

*(please note this section is from the 2019-2020 Parent-Student Handbook)*

Tuition accounts become delinquent when families fail to comply with one of the payment plans described in Item #3 (Tuition Payment Schedule on page 65 of the Parent-Student Handbook).

Delinquent accounts may result in any or all of the following:

- Denied access to Rediker Plus Portal and withholding of grades and transcripts;
- Students will not be able to sit for exams;
- Students will be precluded from participating in extracurricular activities;
- Students will not be permitted to schedule courses for the following school term;
- Students will be suspended from school.

Seniors with an outstanding tuition balance will not graduate until accounts have been paid in full. Student academic records are released only when all financial and other obligations are paid in full.
