## Seniors Receive Special Messages

On Saturday, April 25th, members of the faculty and staff set out on a mission to spread a little cheer by delivering personalized graduation yard signs to the Class of 2020.

"Our students are spread across a wide area, so we wondered if we were biting off more than we could chew with our ambition of delivering these in one day," said President Jim Segredo, who along with Principal Beirne and the school's management staff, conceived the idea. "But, we had more than enough faculty volunteers who were eager to help out! They each took a designated amount of signs and delivered all 158 signs, and all while practicing social distancing. It was a very rewarding experience."
